

# THE DAILY NEWS.

BENJ. HARRISON, Editor.

The Daily News is published every morning, except Monday, and delivered by carriers in the city, or mailed postage free, for 50 cents a month, \$1.50 for three months, \$2.50 for six months, or \$5 for a year.

For a full description of the paper, containing all the news of the week, local and general, in the largest and handsomest weekly paper published in Florida, and for 50 cents for six months. Specimen copies free to any address.

Local advertisements 20 cents per line for first insertion and 10 cents per line for each additional insertion. Special notices 10 cents per line. Reduced rates on continued advertisements.

All advertising bills become due pro rata every month. Local advertisements due at expiration of the time for which they are inserted.

All remittances should be made by express, money order or registered letter.

W. W. RANDALL, Business Manager, PALATKA, FLORIDA.

REGISTERED AT THE PALATKA POST OFFICE AS SECOND-CLASS MAIL MATTER.

PALATKA, FLA., FEB. 3, 1886.

## OUR FISH.

And now again we learn that the Gulf of Mexico is being "stocked" with strange fish! Is it not wonder how the man who takes half the alphabet to his name may enforce the adoption of a theory which contradicts all our experience? It is with our fish as it has been with our forests—there is a long period of ruthless destruction and a corresponding period of costly restoration which never succeeds in doing more than filling the pockets of some theorist at the expense of the people. It is time for us to think a little and use the God-given reason now necessary for the preservation of our best interests.

Dr. S. B. Timmons has just confirmed the sale of two pieces of land to Mr. Gaskin and Mr. Padum, of South Carolina. Dr. Sippell and wife, of Australia, are prospecting in our community. They are stopping with Capt. C. C. Ashley. That team within himself, our undaunted Dr. Vogelback, understands and is going to settle a colony on his beautiful lands around Half Moon Lake, of our vicinity.

Putnam Lodge No. 61 F. & A. M., regular communication on Saturday before the 2d Sabbath in each month. Services at Parson Baptist church on 1st Sabbath; Sunday school every Sabbath. Our stock men say that cows are dying rapidly on the range, caused by the late freeze. Would this not be a jubilee time to trample if they were here, they could get all the oranges they wanted away below cost; and beef too, such as it is.

I see that you are of the opinion that our orange trees are not so seriously injured as was first anticipated. I am under the impression that there are more trees dead than a great many people are aware of. The trees were hurt worse just where they enter the earth than anywhere else. Some of them look, if you examine the trunk, as if they were alive, but if you will scrape the tree about one inch under the soil you will see a decided change, the earth being frozen, the tree just at that place could not get the advantage of the warmer temperature that would come during the day.

Col. W. Royall, U. S. A., retired, as a missionary, who first served as Captain in the Doniphan expedition during the Mexican war. He was then appointed to the regular army, in the Fifth Cavalry, of which Robert E. Lee was Colonel.

author twenty odd years ago from his "Headquarters in the Saddle."—Chicago Times.

This, then, is the plan of battle. Salisbury will go out; Gladstone will go in, whipping his party into line and endeavoring to crown a long public life by persuading Englishmen that Ireland ought to be treated justly "after 800 years of sneers and persecution."—New York Herald.

The Chicago News said recently: "Randolph Tucker is one of the few men from the south who still adhere to the doctrine of 'State's Rights.'" Replying to this the New York Sun replies as follows: "Among intelligent northern men that doctrine never had, as we suppose, so many adherents as it has to-day."

## PUTNAM HALL NOTES.

The cold wave has come and gone, and its effects were very discouraging, but none of us tried to forget our troubles in drunkenness nor do we cry over spilt milk, but are mustering our forces to charge the fields again.

Messrs. Reaney and Kinney, of Philadelphia have bought 160 acres of land of L. D. Wall, and say they will soon put up a saw mill and a corresponding period of costly restoration which never succeeds in doing more than filling the pockets of some theorist at the expense of the people.

Dr. Sippell and wife, of Australia, are prospecting in our community. They are stopping with Capt. C. C. Ashley. That team within himself, our undaunted Dr. Vogelback, understands and is going to settle a colony on his beautiful lands around Half Moon Lake, of our vicinity.

## Contagious

Diseases are prevalent all over the world. I am a native of England, and while in that country I contracted a terrible blood poison, and for two years was under treatment as an out-door patient, at St. George's Hospital, London, but was not cured. I suffered the most agonizing pains in my bones and joints, and was nearly blind. I had vertigo and deafness, with partial loss of sight. I was nearly dead, and was covered with sores all over my body and limbs. I had vertigo and deafness, with partial loss of sight. I was nearly dead, and was covered with sores all over my body and limbs. I had vertigo and deafness, with partial loss of sight. I was nearly dead, and was covered with sores all over my body and limbs.

## Blood

Is the life, and he is wise who remembers it. But in March of last year I contracted blood poison, and being in a bad way, I went to the hospital there for treatment. I suffered very much from rheumatism, and was nearly blind. I had vertigo and deafness, with partial loss of sight. I was nearly dead, and was covered with sores all over my body and limbs. I had vertigo and deafness, with partial loss of sight. I was nearly dead, and was covered with sores all over my body and limbs.

## Poison

had produced great holes in my back and chest, and had removed all the hair off my head, yet I began to improve in a week's time, and the sores began to heal, and were entirely gone inside of four weeks. I was cured by the use of the "Blood Purifier," Porter, Union Pass, Depot, Cisco, Texas, July 1, 1885.

Treatise on Blood and Skin disease free.
